

Q: Danny, what you up to?

A: Nuthin' - just doin' some tracks... you know...

**t h e u s u a l . . .**

Q: Anything  
g o o d ?

A: ...Yeah... ALL of it, actually...

Q: SO, your music ...  
your sound... what is it  
about ?

A: My music is the result of going out... **A LOT**... Finding people and sharing the freedom you feel when you get rid of that stupid, heavy, stressy week. Swimming in the sea of consciousness...

Q: That just don't make sense...

A: Well, you should know, when you're stuck in that freakin' office... and you just wanna let go of it all...

Q: OK, so your music is about ESCAPE?

**A: HELL YEAH.**

Q: So, you're from Amsterdam, and you just moved down here to Mexico City... Right?

A : Y e a h , e x a c t l y .

Q: WHY?

**A. Some personal reasons, but I was impressed with the potential here. There's a crazy scene going on, which fascinated me. I want to do stuff here.**
